

Kendrick Li 李仕杰

Internal Communications & Visual Designer · Bilingual Content & Digital Projects

Tel: +86 151-6169-6538 · Email: shijie.li.career@gmail.com · Location: Shanghai (preferred / open to relocate) · Portfolio: resume.ilovelapland.top

Bilingual professional with 4 years in multinational B2B software, focused on turning complex information into clear, presentation-grade communications. Experienced in producing CN/EN reports and decks, supporting digital-transformation projects, and applying AI tools to content and documentation workflows. Authored multilingual (CN/EN/JP) documentation and 10+ globally-published technical articles, and redesigned dense material into structured, visually clear formats. TEM-8 English (National Business English Champion), Japanese at N2-equivalent level. Design-aware and detail-oriented, with a personal portfolio of redesign and visual work.

PROFESSIONAL EXPERIENCE

Zhongding Intelligent (Wuxi) Technology Co., Ltd.

Feb 2026 – Present

Overseas Implementation & Coordination Engineer

Wuxi

- Coordinated the client's Engineering, Production and IT teams with three internal delivery teams (solution, development, hardware), aligning the project schedule with the customer's production ramp-up.
- Led multi-department requirements interviews and produced **structured project documentation, specifications and schedules** that moved the project on-plan into delivery.
- Supported WCS/WMS configuration and go-live for a new-energy production line.

Suzhou Mushiny Intelligent Technology Co., Ltd.

May 2025 – Feb 2026

WMS Implementation Engineer

Suzhou

- Delivered on-site user training and **authored product user documentation** across full project rollouts.
- Coordinated 5+ internal departments (development, QA, materials, hardware, vendors) and led weekly status meetings to keep delivery on schedule.
- Owned the end-to-end project schedule and lifecycle (requirements → coordination → testing → on-site configuration → training) for overseas customer factories.
- Identified a resourcing risk, authored a transparent risk report with mitigation, and delivered Phase 1 on time, earning a customer-initiated Phase-2 reorder.

Shanghai Wicresoft Co., Ltd. — Microsoft Global Technical Support Center

Jan 2022 – Apr 2025

Senior Support Engineer — Microsoft Edge / Azure

Wuxi

- Authored** and maintained 10+ technical articles on Microsoft Docs (IE Mode, WebView2, etc.) — structured, user-facing documentation read globally.
- Trained and mentored 3 engineers to handle enterprise cases independently; owned English QA for team ticket quality and documentation-language standards.
- Delivered 500+ enterprise support cases in English with perfect CSAT and zero escalations.
- Covered enterprise browser management and Group Policy deployment.

SELECTED PROJECTS

European Warehouse Digitalization (Netherlands client)

Jun 2025 – Feb 2026

- Chaired weekly steering meetings; delivered Phase 1 on schedule and earned a customer-initiated Phase-2 reorder.

Japan Plant WMS (Japanese automotive client)

Aug 2025 – Feb 2026

- Trained 30+ end users and produced trilingual (CN/EN/JP) technical documentation; coordinated development, hardware and vendor teams across milestones.

EDUCATION

Huaiyin Normal University — B.A., Business English

Sep 2018 – Jun 2022

Honors: National Champion (1st Prize), National Business English Competition (2022) · TEM-8 (top 5% nationally).
